Description

This crockpot recipe for whole chicken soup makes broth for use in other recipes Because its made in the slow cooker you dont need to fuss with it I like to use breasts and wings but any bonein pieces will make a nice broth

Ingredients

- - 2 ½ pounds bone-in chicken pieces - 6 cups water - 2 stalks celery
- chopped - 2 carrots
- chopped - 1 onion
- quartered - 1 tablespoon dried basil

Instructions

1. Place chicken
2. water
3. celery
4. carrots
5. onion
6. and basil in a slow cooker. Cook on Low for 8 to 10 hours. Strain and discard vegetables. Chicken meat may be removed from bones and used in soup.
